Endymion Road

London

N4 1EE

Submission: Objection

Comments: The planned dwelling would be following a long period of time of loud and disruptive developments taking place at number 7 Endymion Road. Further to this, it would severely reduce the amount of natural light in the rear garden on 8 Endymion Road which is already impacted by being between two buildings. In addition, the proposed dwelling would overlook the above gardens resulting in a complete lack of privacy for the residents of the existing neighbouring dwellings.
