Submission: Objection

Comments: I object to this plan due to the noise disturbance the building and use of the building will cause. We can hear the students most days when they are outside and that is on the other side of the road. To have them closer to the property will mean I will no longer be able to work peacefully from my property. Furthermore there will be a loss of natural light in my property and the communal garden and a huge loss of privacy when using the communal gardens and there are young children in this block that use the communal garden frequently.
