RE: Objection Letter for Proposal of Loft Conversion and First Floor Rear Extension

Planning Application RE: HGY/2022/2791

I am living at Flat 2, 29 Crescent Road – Crouch End London N8 8AL which is next door of applicant from 25-27 Crescent Road Crouch End N8 8AL

I am **STRONGLY OBJECTING** this **Planning Application RE:: HGY/2022/2791** for Loft Conversion and First Floor Extension over existing Ground Floor Extension and Loft Conversion because the proposal of first floor extension over existing ground floor extension will completely block my bedroom from the sunlight, daylight and the view which is currently quite poor.

The proposal of loft conversion and first floor extension will completely block my bedroom and my bedroom will be like a **tunnel** without any sunlight and the daylight will be seriously obscured and the view from my bedroom will be completely blocked.

The proposed first floor extension is approximately 7 meters to 8 meters away from my bedroom window.

I very much hope that Planning Officer will take in consideration my above **objecting points** and refuse the current planning application and let me have some kind of sunlight and daylight and some kind of view from my bedroom, which will be lost forever if you approve the current planning application.

If you need any additional support information, please do not hesitate to contact me directly on 07958 475 218 or by email smdesignstudio@outlook.com

I am looking forward to hearing from you due course in regards of my **strong objection** for current planning application for loft conversion and first floor rear extension.

Kind regards,

Sejad Mehanovic
