Submission: Neither
Comments: Dear All,

In regards of above property 16 Southey Road we received letter from company Barker&Associates Party Wall Surveyors where they proposed to inspect the shared walls (party walls) with them, this will almost certainly involve the insertion of steel beams into the wall which will be affected by the Party Wall etc Act 1996.

Ours concern is did someone has done it inspection? Because we did not see any other loft conversion on our street around.

Your Sincerely

Zina and Oleg
