RECOMMENDATION:	No Objection	
Application date	4/10/2022	
Tree Inspector	DM	Date: 17 th November 2022

Site

The Hazel *Corylus* spp. trees, T12, 13, 14, and 21, as marked on the plan are situated in the rear communal garden of the property, with 21 at the front.

Other than 21, they are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

12 - Common hazel (9m) - Reduce to a 500mm high coppice stool due to close proximity to property and to keep tree at a size suitable for its location
13 - Common hazel (8m) - Fell as it is rooted 100mm from concrete retainer wall so has no space to develop
14 - Common hazel (8m) - Reduce to a 500mm high coppice stool due to close proximity to property and to keep tree at a size suitable for its location
21 - Common hazel (7m) - Reduce whole crown to 4m high and reshape to keep tree at a size suitable for its location.

Issues

I hold no objections to the reasonable request. The species coppices well and responds to such pruning.

Recommendation

No Objection
