Application number	CON/2022/0389
Application type	Conservation Area Notification
Site Address:	12A View Road London N6 4DB
Proposal	(T1) Hornbeam - Remove down to ground level and stump grind as taking up to much room and no accessing enough sub for the newly planted shrubs. (T2) Cherry - Remove down to ground level and stump grind as getting to large for its position and leaning towards neighbouring garden. Many surface roots damaging lawn. A new species will be planted in its position. (T3) Multi stem Cherry - Remove down to ground level and stump grind, not serving any purpose in the current location, a new tree/shrub will be planted in its position.

RECOMMENDATION:	No Objection	
Application date	27/09/2022	
Tree Inspector	DM	Date: 21 st November 2022

Site

The trees T1 Hornbeam, T2 & T3 Cherries, as marked on the aerial photograph, are situated in the rear garden of the property. They are not publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (18/11/2022 at approximately 10am)

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

(T1) Hornbeam - Remove down to ground level and stump grind as taking up too much room and no access enough space for the newly planted shrubs. (T2) Cherry - Remove down to ground level and stump grind as getting too large for its position and leaning towards neighbouring garden. Many surface roots damaging lawn. A new species will be planted in its position. (T3) Multi stem Cherry - Remove down to ground level and stump grind, not serving any purpose in the current location, a new tree/shrub will be planted in its position.

Issues

The trees form part of a copse and wooded area. T1 and T3 are poor low grade understory excluded specimens with T3 being a multi stemmed cherry. These trees are not worthy of a Tree Preservation Order.

Recommendation

No Objection
