Dear Mr Monk

### **Re: Planning Approval HGY/2019/1139 in relation to Condition 6 (Trees)**

I am writing as the appointed arboricultural consultant in relation to planning approval HGY/2019/1139 for which the following Arboricultural Report was submitted:

*Quaife Woodlands  
Arboricultural Survey and Planning Integration Report AR/3390/jq – Jameson  
Mews, 58 Shepherds Hill, N6 5RW  
14th March 2019*

Condition 6 of the approved application states as follows:

*6. Before any equipment, materials or machinery are brought onto the site for the purposes of the development, a pre-commencement site meeting between the Tree Officer, Arboricultural Consultant and Site Manager shall take place to confirm the protection of trees in accordance with the Arboricultural Survey and Planning Integration Report. The protection of trees shall be carried out in accordance with this Arboricultural Report. The tree protection shall be retained until the development is completed and nothing shall be placed within the fencing, nor shall any ground levels be altered or excavations made without the written consent of the Local Planning Authority*

*Reason: In order to ensure the safety and well being of the trees within the site during constructional works that are to remain after works are completed consistent with Policy 7.21 of the London Plan 2016, Policy SP11 of the Haringey Local Plan 2017 and Policy DM1 of The Development Management DPD 2017*

With the development being prepared for pre-commencement stages we seek your confirmation of attendance to the pre-commencement meeting where we shall be setting out tree protection measures as specified within the Arboricultural Survey and Planning Integration Report (AR/3390/jq) which supports the application.

We look forward to hearing from you with confirmation of who shall be attending from the Arboricultural and Allotments Service and best contact details to organise this meeting.

Yours sincerely

*Marcus Foster*
