Site

The Sycamore trees T2 & T3, as marked on the plan, are situated in the grounds of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also just within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T2 Sycamore Reduce height by 2m and thin sides by 15% to balance, reducing back branches over hanging parking bays by 3m. Next to parking bays

T3 Sycamore Crown reduce by 2m in height and 1.5m side to balance. Outside number 6.

Issues

I hold no objections to the reasonable proposal. The specification is standard, within good arboricultural practice, and good husbandry.

Recommendation

No Objection
