Site

The four Plane trees, as described, are situated in the front garden of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Front Garden - 4 x London Planes: re-pollard to previous reduction points (approx 2 metres).

Issues

I hold no objections to the proposed reasonable works. The specification is standard on regularly high pollarded London Plane trees that respond well to such pruning regimes.

Recommendation

No Objection
