## **Site**

The trees are situated in the public grounds of Alexandra Palace. They are publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (28/10/2022 at approximately 11am).

The location is also within the Alexandra & Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed:

G1 group of 6 no. self set trees, 2x sycamore, 2x ash. Circa 10m height and 15cm diameter. Fell to ground level.

## **Issues**

I hold no objections to the proposed works. The trees are low grade self-sets and this is part of the general management of the grounds.

## **Recommendation**

**No Objection**
