Dear Sirs,

47 Woodland Gardens - App ref HGY/2022/1191

AMA Consulting Engineers have been appointed by the client Dimitrios Bismpas to carry out the detailed design of the proposed works at 47 woodland Gardens. Our appointment includes for the design and or specification of all the principal structural elements.

AMA will work closely with the Architect and contractor to ensure that the works are well prepared and carried out safely.

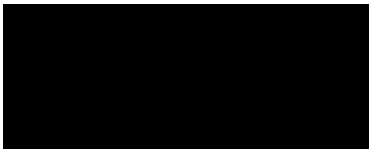

AMA will carry out site visits during the construction of the basement at a frequency of at least 1 visit every 2 (for the first 3 months of the structural works) weeks or at key stages as follows:

1. Underpinning
2. Installation of Temporary Works
3. Installation of reinforcement
4. Retaining Walls
5. Basement Slab
6. Superstructure Works

The purpose of the visits will be to inspect the works and check that they are generally constructed in line with our proposals and the specialist designer proposals.

AMA will be on hand resourcing the project throughout the construction phase to either visit site at short notice or to answer any general questions the contractor may have regarding the structure.

Chris Christou is a director of AMA Consulting Engineers and is a chartered member of the Institution of Structural Engineers (Membership No. 021116943) with over 20 years' experience. Chris Christou will be the main point of call for the project throughout the design and construction stage.

Yours faithfully
