PLANNING HISTORY

The planning history of the site has been taken into account when coming to this decision.

SITE DESCRIPTION

The subject site first floor flat within a three-storey building located on the south-eastern side of Belmont Road.

The site does not fall within any Conservation Area or within the curtilage of any listed building.

REASONS FOR GRANTING PERMISSION

This application proposes the replacement of a rear elevation door at first floor level. The door, which enables access from Flat B to an existing roof terrace and garden level would be increased in width to allow for a double door.

It is not considered that the introduction of a wider door would interrupt or alter the appearance of the rear elevation to a detrimental extent. The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenities of the area will be protected.

The enlarged door is not considered to increase or enable any additional outlook or vantage point which may be detrimental to neighbouring amenities.

There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms.

The proposed development is in general accordance with Policies DM1, DM9, and DM12 of the Development Management, Development Plan Document 2017, and policies SP11 and SP12 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.
