The Greater London Archaeological Advisory Service (GLAAS) gives advice on archaeology and planning. Our advice follows the National Planning Policy Framework (NPPF) and the GLAAS Charter.

NPPF section 16 and the London Plan (2021 Policy HC1) make the conservation of archaeological interest a material planning consideration.

Having considered the proposals with reference to information held in the Greater London Historic Environment Record and/or made available in connection with this application, I

conclude that the proposal is unlikely to have a significant effect on heritage assets of archaeological interest.

Although the wall is located in an Archaeological Priority Area and is adjacent to a cemetery, no below ground works are proposed and therefore there will be no impact on archaeological remains of significance.

No further assessment or conditions are therefore necessary.

This response relates solely to archaeological considerations. If necessary, Historic England's Development Advice Team should be consulted separately regarding statutory matters.

Yours sincerely

Helen Hawkins
