Site

The Sycamore tree, as shown in the photographs, is situated in the rear communal garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Rookfield Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

5 day notice to fell one of the sycamores in the communal area adjacent to the entrance driveway, which is nearly dead and needs to be felled urgently.

Issues

I hold no objections to the proposed work to remove the declining Sycamore under a five day notice.

There is an obligation to re plant dead, dying, and dangerous trees within a Tree Conservation Area.

Recommendation

No Objection

Condition: Re plant with *Acer* spp. 10-12cm girth.
