Application date	15/11/2022	
Tree Inspector	DM	Date: 21 st December 2022

Site

The Lime *Tilia* spp. trees, as marked on the sketch plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Large Lime - Crown reduce the height and spread back to the previous reduction points (approx. 3-3.5m height and 1.8-2.5m spread)

Small Lime - Crown reduce the height and spread back to the previous reduction points (approx. 2.5-3m height and 2m spread)

Maintenance works in line with good Arboricultural practice.

Issues

I hold no objections to the proposed tree works. The specification is within good arboricultural practice and husbandry.

Limes respond well to such pruning regimes.

Recommendation

No Objection
