

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2022/4078
Application type	Conservation Area Notification
Site Address:	38-40 Stanhope House, Shepherds Hill, Hornsey, London, N6 5RR
Proposal	T5 Ash - 2 Ash trees located in the back garden of the property in the corner of the car park - trees are very leggy and have a tall spread, trees have quite a lot of deadwood in their crowns, they do have a lot of stress on some of the limbs with the weight of the end of the limbs - crown reduce by around 4m to bring the trees in and get them back into shape and proportion. T6 - White Beam - tree is located next to the Ash trees T5 - crown reduce tree by around 2m to reshape tree. (Works to T1 - T4 will be considered under HGY/2022/4077 as these trees are protected by Tree Preservation Orders).

RECOMMENDATION:	No Objection	
Application date	11/11/2022	
Tree Inspector	DM	Date: 23 rd December 2022

Site

The trees T5 & T6, as marked on the sketch plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T5 Ash - 2 Ash trees located in the back garden of the property in the corner of the car park - trees are very leggy and have a tall spread, trees have quite a lot of deadwood in their crowns, they do have a lot of stress on some of the limbs with the weight of the end of the limbs - crown reduce by around 4m to bring the trees in and get them back into shape and proportion.

T6 - White Beam - tree is located next to the Ash trees T5 - crown reduce tree by around 2m to reshape tree.

(Works to T1 - T4 will be considered under HGY/2022/4077 as these trees are protected by Tree Preservation Orders).

Issues

I hold no to the proposed reasonable works. The trees as described are leggy and the reductions are appropriate.

Recommendation

No Objection
