Explanation for Proposed Demolition Work

Why is it necessary to demolish all or part of the building(s) and/or structure(s)?

The existing rear wall of the Family Room is not an original feature, but added after 1984 as a replacement for a terrace at the Lower Ground level (planning approval ref: OLD/1984/0952 online database, or HGY/29191 on hard copy).

The rear wall has an existing sash window and a pair of French doors which are not visible from North Grove or Highgate Close. The two existing openings are proposed to be merged so that a bifold door can be fitted for easier access and more daylight into the interior, via:

- Demolition of an existing brick pier (between sash window & French doors) and brick infill wall (below window); and
- Replacing their brick arches with a steel lintel (faced with bricks on the external side, to match the rest of the retained rear facade).

The edge of the merged opening aligns with the First Floor window directly above, so the proposed replacement doors fit into the overall composition of the rear elevation (see drawing 1-011).

The bifold doors will also have timber frames similar to the existing timber window frames on the rear Lower Ground floor.

There is no change to the original house, overall volume, building form and/ or principal elevation facing North Grove.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
