PRE/2022/0134

Date (must be pre-application submission)

07/06/2022

Details of the pre-application advice received

A productive pre-planning meeting was held on 7th June 2022 between Satish Jassal Architects and the London Borough of Haringey Planning team.

Three options for development were tabled at that meeting. An option for the construction of 6no x 3 bed homes and associated open space was favoured by the agent and applicant and put forward.

Design changes in response to the discussion were made and a revised set of drawings were submitted by Satish Jassal Architects on 29th June 2022.

The revisions to be considered in the officers report included:

1. Reduction of three bedroom homes from 4 to 2.
2. Increase of two bedroom homes from 2 to 4
3. Increase in first floor gaps from 1.5m to 2m
4. Increase in ground floor rear private amenity space, and squarer usable amenity space provided
5. Increase in space to the front entrances to the homes
6. Inclusion of a refuse store within 10m from Denmark Street
7. Tree root protection zones indicated
8. Updates to existing building

The Pre application submittal, produced by Satish Jassal Architects has been appended to this document.

3.2 Formal Pre-planning feedback report

Key extracts from formal feedback, received on 7th July included:

Principle of the proposal

1. The provision of residential development at this site is supported in principle

Comments on Design

1. Modern approach is considered to be acceptable
2. Officers consider that the applicant needs to address the separation distances, particularly from the first floor facing Denmark Street and Park Lane
3. Officers consider that adequate refuse storage will need to be addressed in any future submission
4. Officers acknowledge the constraints of the site and consider that option 1 [a scheme tabled, but not put forward by the agent/applicant at the time], for five houses, sat most comfortably within the site and context, however this does not exclude the applicants preferred option, subject to addressing concerns raised
5. Officers consider the gaps between properties to be of concern as it is felt there will be a conflict with the close proximity to the windows and the terrace in terms of noise any disturbance.

Furthermore, there will be overlooking issues with the chamfered windows, allowing views directly into each other

Housing Quality

1. Internal layout of the proposed scheme would be broadly acceptable subject to concerns over windows, terrace and separation distance in relation to amenity impacts.

Housing mix

1. The proposed development comprises of the mix of 2-bedroom house and two-family dwelling units which is considered to be an acceptable mix.

Inclusive Design

1. Officers request that 10% of all units should be wheelchair accessible in accordance with the London Plan Policy D7 and Approved Document M4(3) of the Building regulations.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
