Coloured glass
TME

The drawing shows a vertical rectangular unit, likely a window or door, with a multi-paned top section and a large single-paned lower section. The top section is divided into three horizontal rows. The first row has three equal-width panes. The second row has a single wide pane. The third row has a single wide pane. The lower section is a large single pane with a small curved detail on its left and right sides. The unit is framed by a thick vertical border on the left and right, and a horizontal border at the top and bottom.

Coloured glass
TME

The drawing shows a vertical rectangular unit, likely a window or door, with a multi-paned top section and a large single-paned bottom section. The top section is divided into three horizontal rows. The top row consists of three equal-sized rectangular panes. The middle row is a single horizontal bar. The bottom row is a single horizontal bar. Below this top section is a large, single rectangular pane. The entire unit is framed by a thick border. The text 'Coloured glass' and 'TME' is positioned to the right of the unit.
