

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2022/4205
Application type	Conservation Area Notification
Site Address:	Flat A 2 Wembury Road Hornsey London N6 5PU
Proposal	T1-2 2 x conifers to fell close to ground level, trees are in decline.

RECOMMENDATION:	No Objection	
Application date	23/11/2022	
Tree Inspector	DM	Date: 4 th December 2023

Site

The Leylandii T1 & T2 trees are situated in the rear garden of the property. They are publicly visible via the side ally and from the street.

A site visit was deemed necessary to determine the appropriateness of the proposed works (04/01/2023 at approximately 13:00).

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1-2 2 x conifers to fell close to ground level, trees are in decline.

Issues

I hold no objections to the proposal to remove the two conifers that are in a poor condition and have significant die back. Leylandii are prone to the fungus *Seiridium Cardinale*.

The trees also score low when using a methodology to rate their worthiness for a Tree Preservation Order (TPO).

Whilst the trees might act as a screen, between properties, they are oppressive within the small garden.

A future screen can always be planted again with a more suitable species, and there is a large Sycamore behind the conifers. This Sycamore will be revealed once the conifers are removed.

Recommendation

No Objection
