Site

The trees T1 Elder and T2 Lime, as marked on the sketch plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Elder (T1) - Prune back to previous most recent cuts (approx 1.5m off)

Lime (T2) - Prune back to previous most recent cuts (approx 1.5m off)

This is part of routine maintenance, to let more light into the property and restrict the root growth of the trees.

Issues

I hold no objections to the proposed reasonable works. The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
