A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Cherry x 2 (T1, T2) - reduce crown by 2.5m on all aspects.

Birch (larger) (T3) – reduce crown by 2m on all aspects.

Issues

I hold no objections to the proposed reasonable tree pruning works.

The specification is within good arboricultural practice and husbandry.
