Site

The Oak *Quercus* spp. tree is situated in the rear garden of the property. It is publicly visible from Hillfield Avenue.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Hillfield Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Oak tree that requires the below due to the tree blocking sunlight for us and neighbours, and also there are dead branches falling out (and we have two children) so poses a risk.

Crown thinning c 30%

Crown lifting

Crown reduction

Ivy clearance off trunk

Issues

I hold no objections to the proposed reasonable works. The specification is within good arboricultural practice and husbandry.

The agent has since confirmed the crown reduction is 2.5m in height and spread including a crown lift of 2m.

Recommendation

No Objection
