Planning Application HGY/2022/4242

Without prejudice, I most strongly object to the proposed planning application for the creation of an Eruv in the South Tottenham area. I have resided in Ferndale Road for 44 years and have enjoyed the mixed diversity of its residents. Just over 2 years ago the local Jewish people illegally erected an Eruv on Ferndale Road with one side tied to a lamp-post outside #1 Ferndale Road and the other side attached to the property at #4 Ferndale Road. Since then, permanent notices have been attached to the front walls of those properties which state in English & Hebrew "Stay Alert" and on the other one "STOP! From Here Outwards It's Forbidden To Carry On Shabbos". See photographs on attached links. Similar illegal Eruv have been installed on other local roads leading off the High Road.

I am appalled by the fact that I am now perceived to be living in an unofficial ghetto. South Tottenham is not a Jerusalem for a certain few, who appear to have a total disregard for the general population they live alongside.

Yours Sincerely,

Kenneth Roe,
18a Ferndale Road
