

# PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

|                    |                                                                                                                                                                                                                                          |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application number | HGY/2022/4480                                                                                                                                                                                                                            |
| Application type   | Conservation Area Notification                                                                                                                                                                                                           |
| Site Address:      | Flat 1 29 Albert Road Hornsey London N4 3RR                                                                                                                                                                                              |
| Proposal           | T1- Cherry tree- (10m)- Reduce crown to approximately one metre bellow previous pruning points, remove trunk on left. Remove Ivy from tree.<br>T3- Elder tree-(5m)- reduce crown by approximately 1.5m, remove dead trunk and sever Ivy. |

|                  |              |                                     |
|------------------|--------------|-------------------------------------|
| RECOMMENDATION:  | No Objection |                                     |
| Application date | 20/12/2022   |                                     |
| Tree Inspector   | DM           | Date: 18 <sup>th</sup> January 2023 |

## **Site**

The trees T1 & T3 (Cherry and Elder), as marked on the sketch plan, are situated in the front and rear garden of the property. They are publicly visible at the front.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed:

T1- Cherry tree- (10m)- Reduce crown to approximately one metre bellow previous pruning points, remove trunk on left. Remove Ivy from tree.

T3- Elder tree-(5m)- reduce crown by approximately 1.5m, remove dead trunk and sever Ivy.

## **Issues**

I hold no objections to the proposed tree works.

The trees are low grade and not worthy of a Tree Preservation Order (TPO).

## **Recommendation**

**No Objection**
