

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2022/4403
Application type	Conservation Area Notification
Site Address:	19B Cecil Road Hornsey London N10 2BU
Proposal	Tree location - rear garden Access - side access T1 - L Poplar This tree is in decline and is hollowing. We advise to reduce to 1m above fenceline and monitor in 12 months. T2 - L 2x dead stems Reduce to 1m above fenceline (approx. 2m reduction) T3 - L Poplar Crown reduce height by 2m beyond old pruning points. Remove remaining regrowth. T5 - L Poplar Remove 2x dead stems T6 - L Poplar Remove all regrowth to leave a bare framework.

RECOMMENDATION:	No Objection	
Application date	13/12/2022	
Tree Inspector	DM	Date: 18 th January 2023

Site

The trees are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Tree location - rear garden

Access - side access

T1 - L Poplar

This tree is in decline and is hollowing. We advise to reduce to 1m above fenceline and monitor in 12 months.

T2 - L 2x dead stems

Reduce to 1m above fenceline (approx. 2m reduction)

T3 - L Poplar

Crown reduce height by 2m beyond old pruning points. Remove remaining regrowth.

T5 - L Poplar

Remove 2x dead stems

T6 - L Poplar

Remove all regrowth to leave a bare framework.

Issues

I hold no objections to the proposed reasonable works.

The Poplars have been topped in the past. Poplar wood is notoriously weak and susceptible to vessel column decay when they have been topped.

The regrowth often forms weak unions.

Recommendation

No Objection
