Officer Report

The subject site is a first floor residential unit located above a commercial unit facing West Green Road. The site is not located within a conservation area, is not a listed building and does not fall within the curtilage of a listed building.

The planning history of the site has been taken into account when coming to this decision.

The applicant proposes a new dormer window to the rear to facilitate the extension the existing first floor flat. The proposed dormer would be built in materials to match the existing. The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected.

The height and depth of the proposal would not result in a material loss of sunlight or daylight, or have an overbearing appearance to the neighbouring property. There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms.

In addition, the proposal meets the space standards required for a 3 bedroom / 5 person / 2 storey unit.

The proposed development is in general accordance with Policies DM1, DM9, and DM12 of the Development Management, Development Plan Document 2017, and policies SP11 and SP12 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.
