

PROPOSED ROOF PLAN

UNCONTROLLED INFORMATION

It is the duty of the recipients of electronic transmissions to be aware that their system may be corrupted by the opening of any such transmission and that they be satisfied that measures are in place to prevent such an occurrence.

Viruses: Although we have taken steps to ensure that this e-mail and attachments are free from any virus, we advise that in keeping with good computing practice the recipient should ensure they are actually virus free.

Please note that we work natively in AutoCAD which produces dwg format drawings and we are aware that line styles do not convert correctly between dwg and dgn formats. We therefore cannot guarantee the completeness or accuracy of the information in the issued dwgs files and therefore the issued pdfs should always be used as a reference for the validity and accuracy of this information.

PLANNING
