## **Site**

The various trees G1, G2, & T1, as specified above, marked on the plan, and shown in the photographs, are situated in the front garden of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed:

X2 Beech (G1): Reduce to previous, most recent points (approx. 2-3m)

X3 Lime (G2): Reduce to previous, most recent points (approx. 2-3m)

Sycamore (T1): Reduce to previous, most recent points (approx. 2-3m).

## **Issues**

I hold no objections to the reasonable repeat works pruning back to the recent previous.

The specification is within good arboricultural practice and husbandry.

## **Recommendation**

**No Objection**
