HIGH-QUALITY AND SENSITIVE DESIGN

2 BEROL YARD

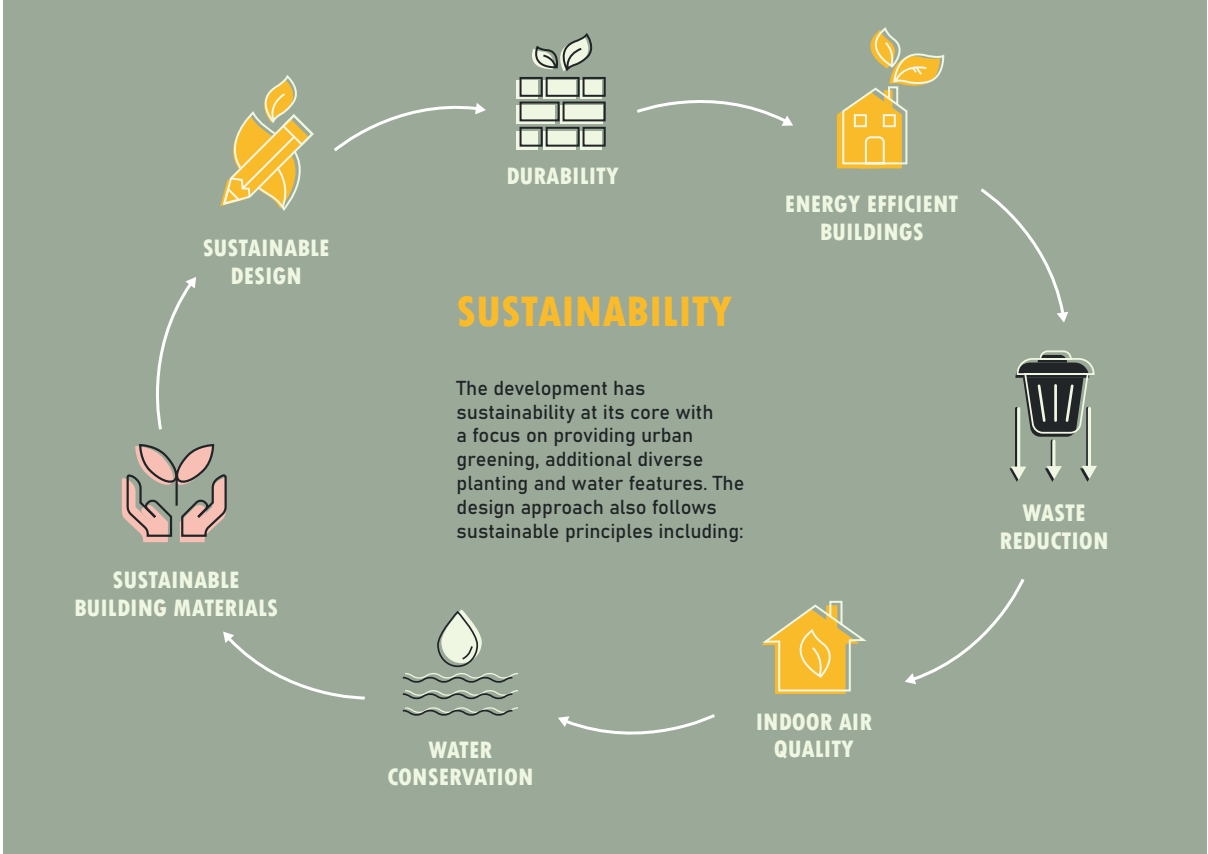

Our proposals are inspired by the local context and character, and seeks to deliver iconic new architecture in-keeping with the area's emerging identity. The design approach for the new buildings celebrates the tones of Tottenham Hale with a colour palette that complements the area. The height of the new development responds to the surrounding buildings and will be ranging from five stories to c.33 stories.

HAVE YOUR SAY

THANK YOU

Thank you for taking the time to review our proposals. We are keen to understand what the local community thinks about our proposals that will unlock Berol Quarter's potential at the heart of the Ashley Road South Masterplan.

We would be grateful if you could complete a feedback form. Alternatively, you can visit our website at <https://futureofberolyard.co.uk/> to leave your feedback.

If you would like to get in touch with the project team, you can email brogers@conciliocomms.com or call 0800 669 6319.
