Site

The mature Oak *Quercus* spp. T1 tree, as marked on the plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm. The Oak tree is also further protected with a Tree Preservation Order.
