

6.0 | Project Development

6.0 | Project Development
6.1 | Scheme Overview

The consultation process led the school to refine the educational, spatial and planning requirements for the Dyne House brief across three separate schemes for the site.

The design proposals have addressed the developing brief without compromising the School's basic concept to improve the condition of the existing facilities, and to provide modern and stimulating education facilities.

1. Existing Buildings (1967 - Present)

2. Original Dyne House Proposal 2015

3. Dyne House 2 Proposal 2016

3. Dyne House 3 Proposal 2019
