Note (Data not mapped)

LB of Islington Emergency Planning Unit responded to flooding incidents that affected (probably) more than 40 buildings. Exact location of flooding is not known but were in the following streets:

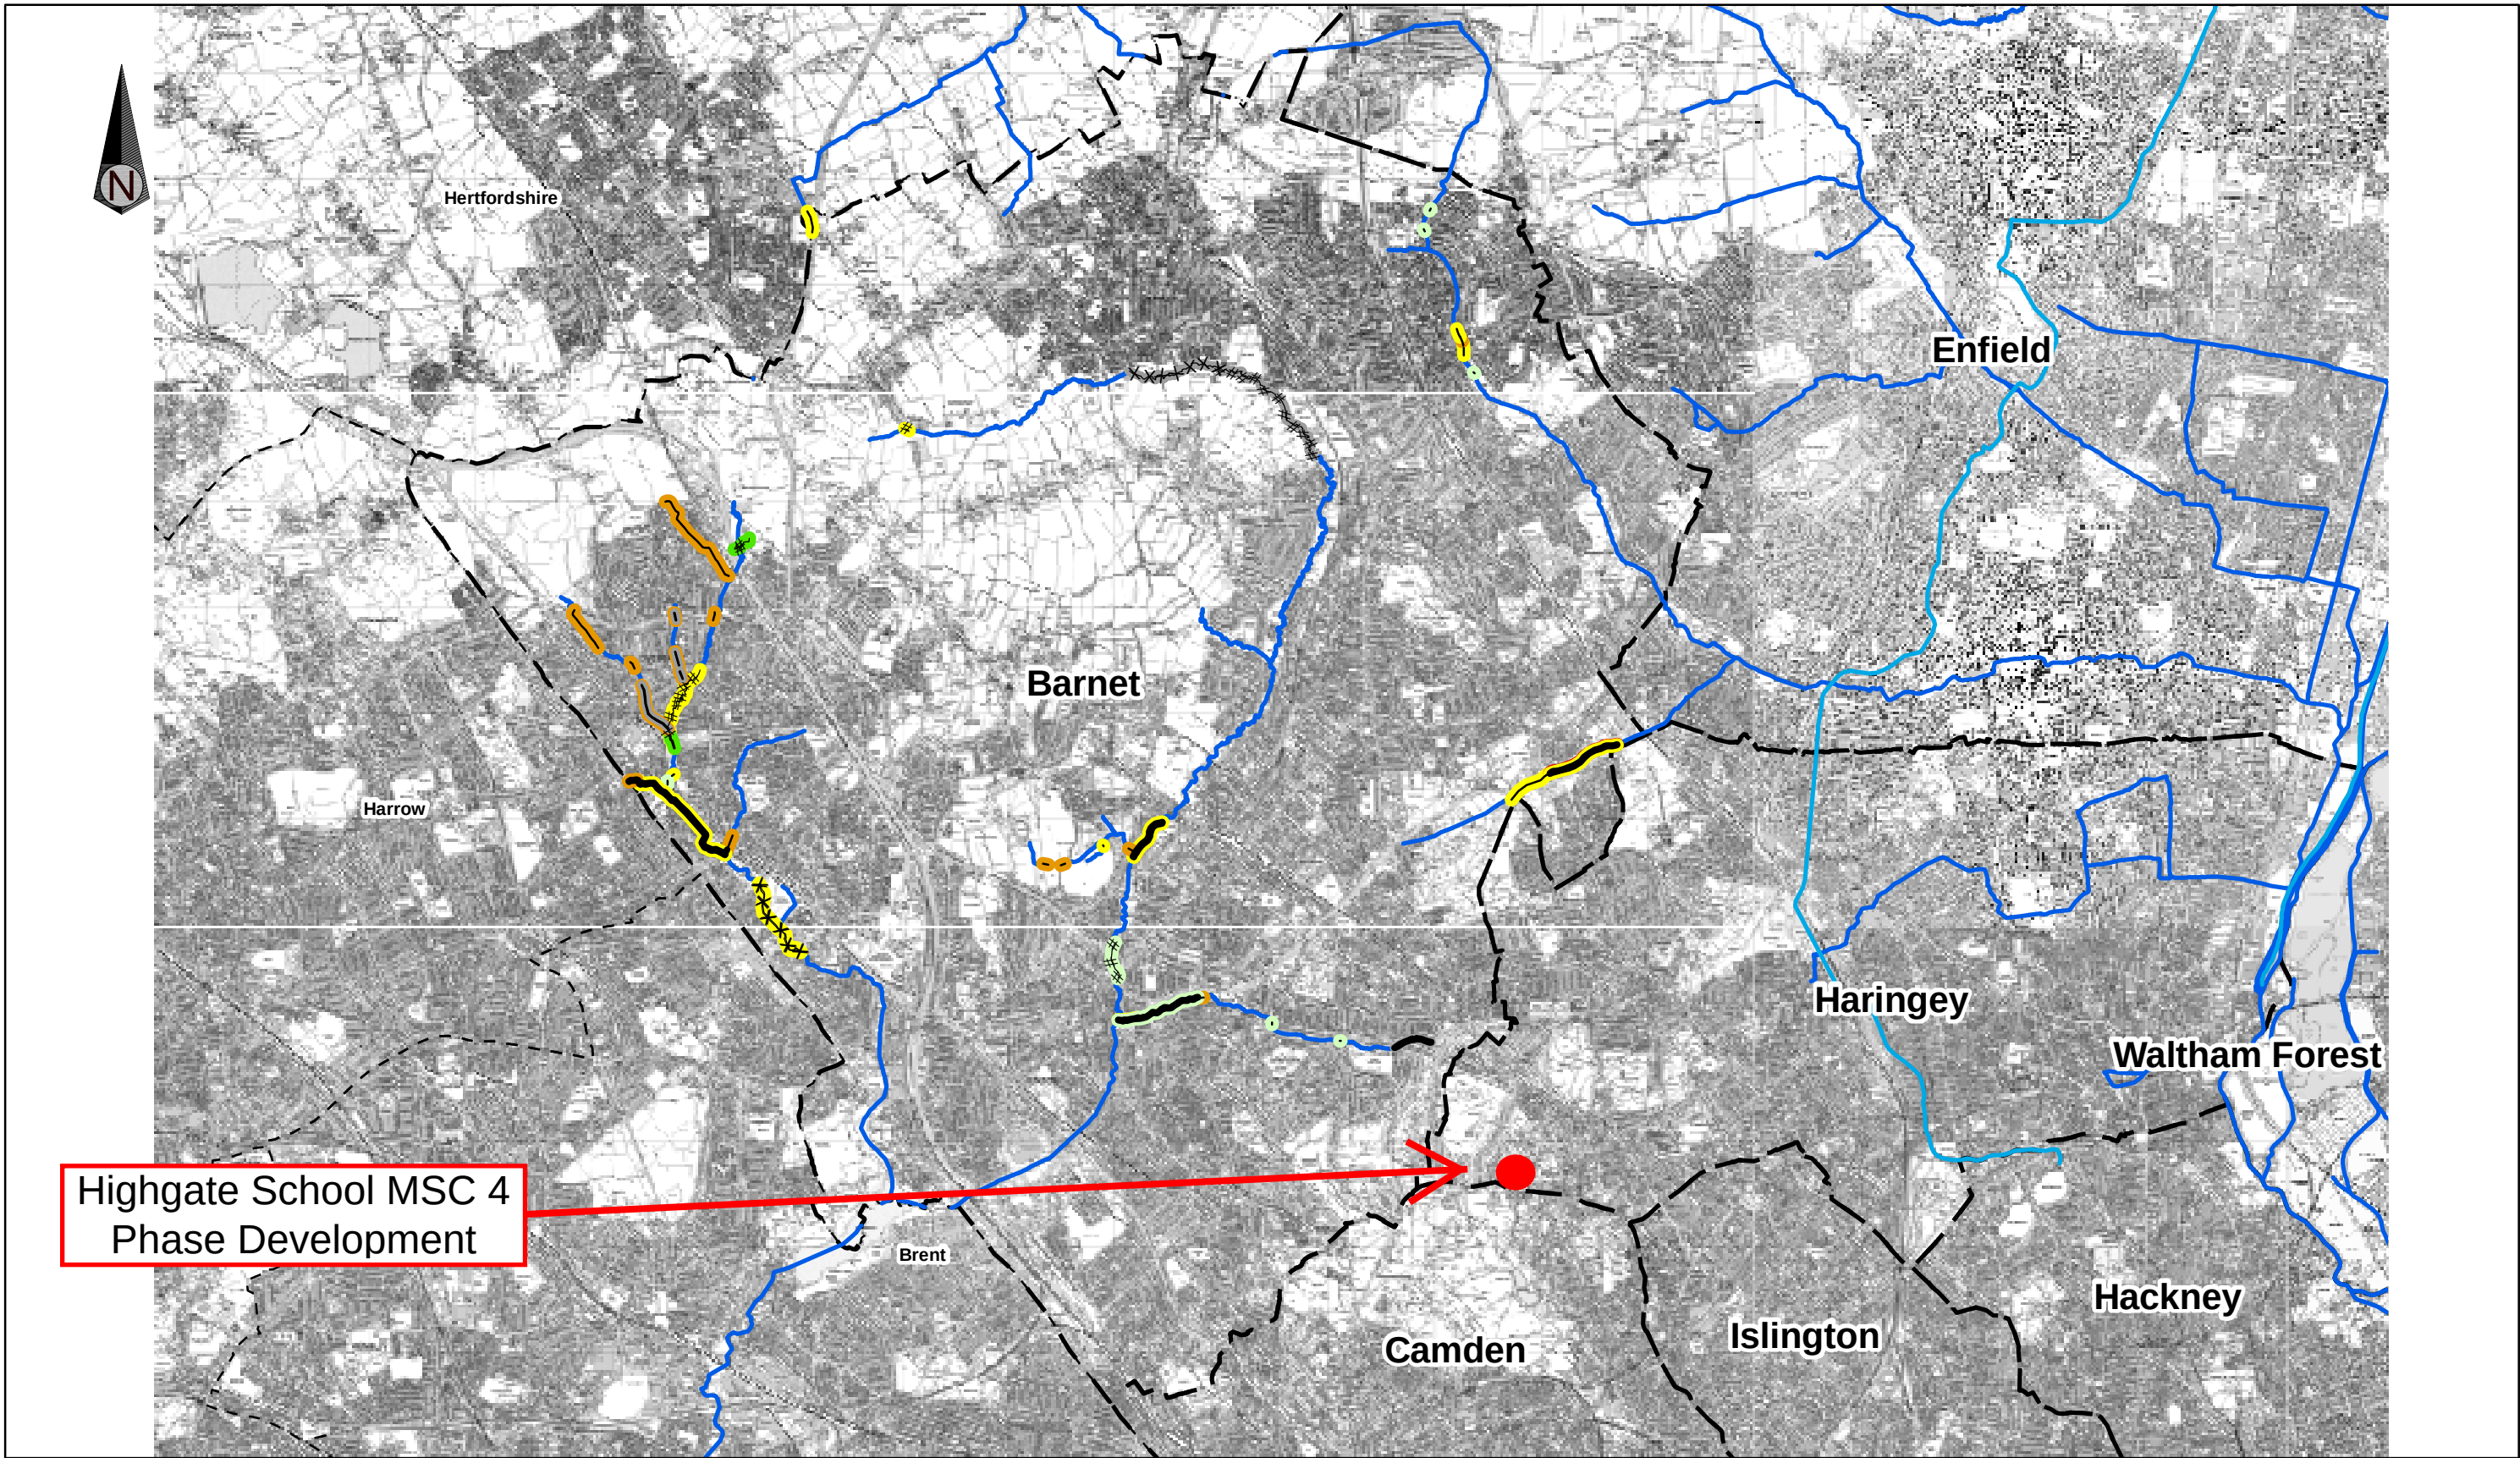

24 Nov 03 Wallace Road Resulting from 30" watermain burst
3 Feb 06 – Water main burst Upper Street

All design, comments and recommendations are done so on behalf of Mouchel Parkman and no individual responsibility is taken or implied in anyway, by relieving and acting on this information you, the client or any third party, are accepting that no individual is personally liable in contract, tort or breach of statutory duty (including negligence).

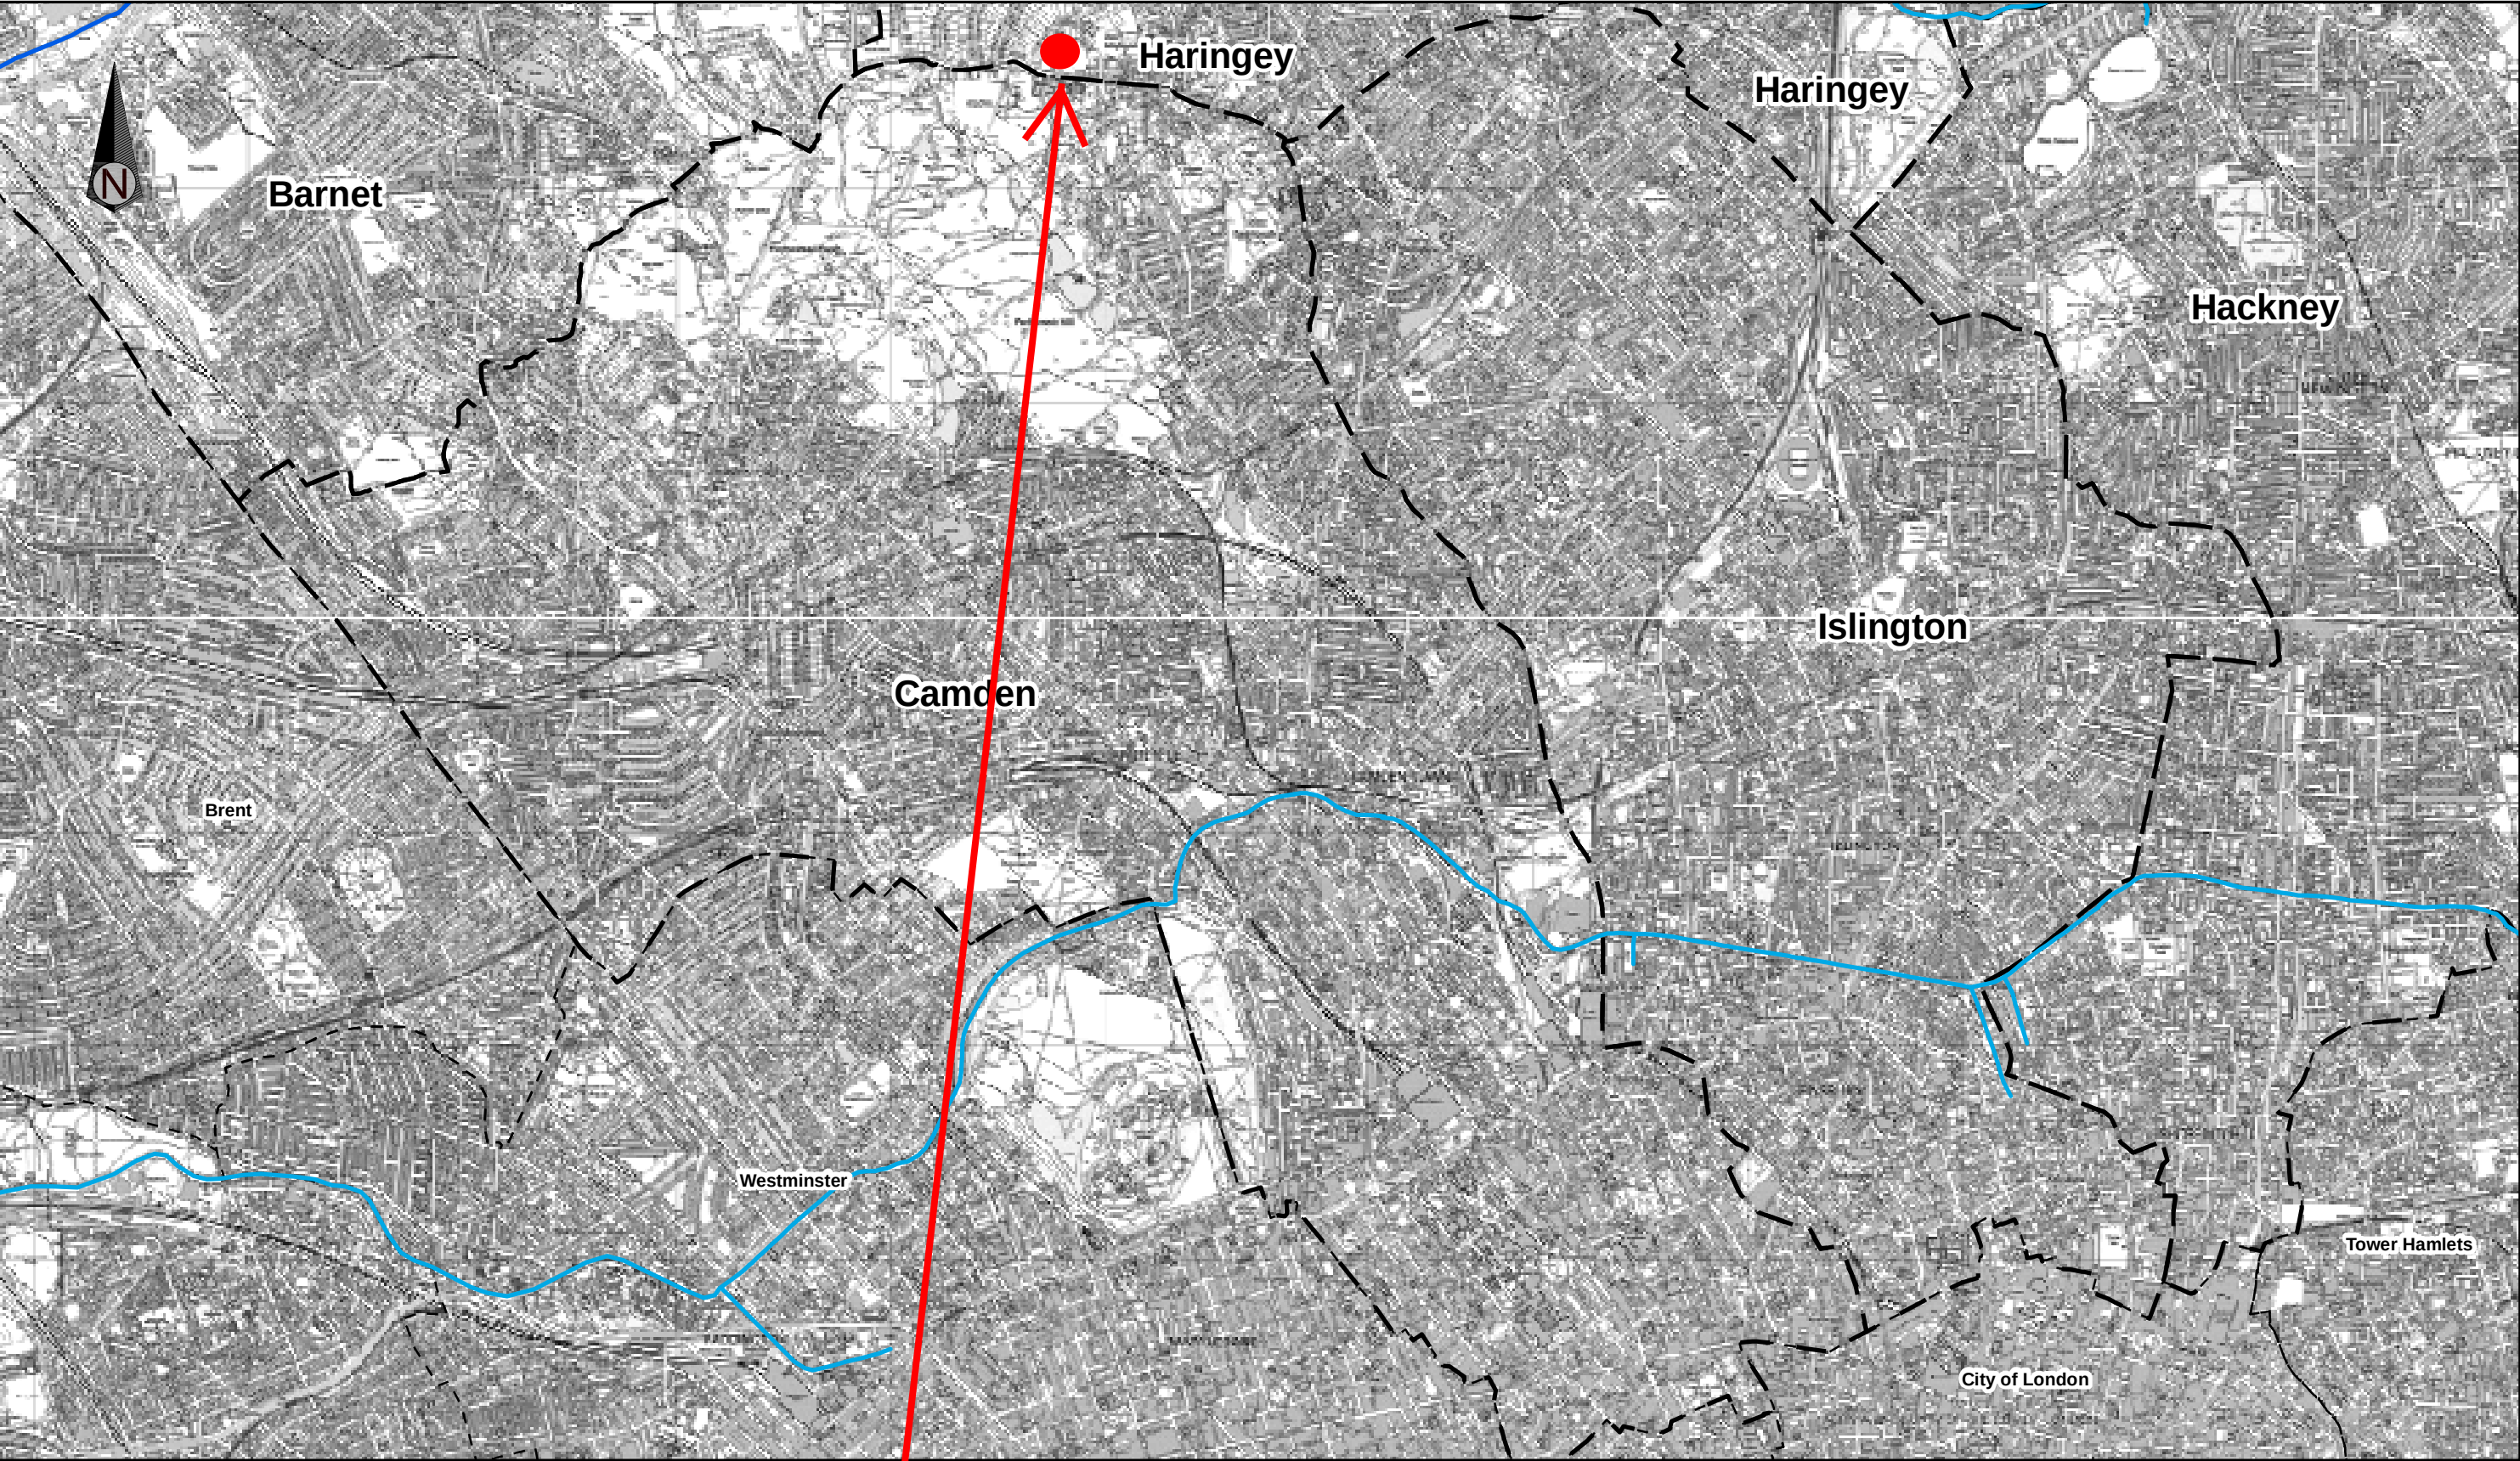

This map is based upon Ordnance Survey material with the permission of Ordnance Survey on behalf of the Controller of Her Majesty's Stationary Office. Crown copyright. Unauthorised reproduction infringes Crown copyright and may lead to prosecution or civil proceedings.

Data Origin
Sewer Flooding data provided by Thames Water.
