Discharge of Conditions

Please provide a full description and/or list of the materials/details that are being submitted for approval

Condition 17 required written confirmation to be provided to the Local Planning Authority that confirms either all water network upgrades to accommodate additional flows from the development have been completed or a housing and infrastructure phasing plan has been agreed with Thames Water to allow additional properties to be occupied.

Thames Water has confirmed that no upgrades to the water network are required to accommodate additional flows, and that there will be sufficient sewerage capacity in the adjacent foul water sewer network to serve the development. They have subsequently given consent to standard connections to foul and surface water sewers to accommodate the development. There is no requirement for phasing of the development.

This application is accompanied by Thames Water letters dated 08th February 2021 and 10th May 2022 which confirm agreement to connection to the existing network has been approved.
