Hello Gareth,
Transport comments are as follows>

- a. The site has good public transport accessibility (PTAL=4) and is located within a CPZ.
- b. The existing site has provision for two car park spaces. The proposal will retain provision of one car park space for flat B only.
- c. Cycle parking provision for three bicycles is proposed. The cycle parking for flat A should be secure, sheltered and accessible. Cycle parking for flat 2 (s spaces) is located in the rear yard.
- d. Provision for refuse storage is located within the front garden.

Subject to above, there are no transport objections.

Regards,

Shreekant Patel
