Description of the Proposal

Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

We'd like to replace 4 sash windows in our 2 bedrooms with 'like-for-like' wooden sash windows with double glazing in order to improve the energy efficiency of the windows (as per EPC & government guidance).

The nominated timber is Grade-A Redwood, which is generic to historic London windows.

We will retain the existing perimeter frames and linings and recreate the original profiles including mouldings, glazing bars, and horns, using 'applied bar' construction.

Nb. the lower flat of our building, and neighbours on either side, have previously replaced their original sash windows with double glazing sash windows. In addition a number of other windows on the street have been replaced (not all are like-for-like).

Has the work or change of use already started?

Details of the pre-application advice received

We previously applied & the application was verified but after 2 months were told this was a mistake as they didn't realise the work concerns a flat in a conservation area. The contact at Haringey Planning Dept, Osker Gregerson (Asst Planning Officer) apologised & arranged a call with Kevin Tohill (Development Management Team Leader, Haringey Council). They advised re-applying using a Full Planning Application & that they would fast-track the application due to the earlier mistake on their behalf. Kevin seemed optimistic that the application should be successful due to the work being like-for-like replacement (inc timber windows, the original frames remaining) & the reason for the work (to improve energy efficiency).

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
