

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2022/4116
Application type	Conservation Area Notification
Site Address:	14 Leaside Avenue Hornsey London N10 3BU
Proposal	TI - Lime tree in rear garden: The tree currently dominates a large part of 14 Leaside Avenue's rear garden and three other neighbouring rear gardens. The tree is circa 6m from ground to first fork, with overall current tree height of circa 12m, and with a canopy of circa 11m across the gardens of four houses. Description of intended works: Crown lifting and pollard to first fork (excessive shading & avoidance of roots causing subsistence to house).

RECOMMENDATION:	No Objection	
Application date	11/11/2023	
Tree Inspector	DM	Date: 15 th February 2023

Site

The Lime *Tilia* spp. tree T1, as marked on the sketch plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1 - Lime tree in rear garden: The tree currently dominates a large part of 14 Leaside Avenue's rear garden and three other neighbouring rear gardens. The tree is circa 6m from ground to first fork, with overall current tree height of circa 12m, and with a canopy of circa 11m across the gardens of four houses. Description of intended works: Crown lifting and pollard to first fork (excessive shading & avoidance of roots causing subsidence to house).

Issues

I hold no objection to the proposed works.

The Lime is a past pollard and has since restored its crown.

Limes respond well to such works and the crown, whilst there is an initial loss, will restore itself again.

Pollarding is a standard practice.

Recommendation

No Objection
