

To the Company Director and/or Secretary
Keltbray Environmental Materials
Management Limited
St Andrews House
Portsmouth Road
Esher
K10 9TA

Our ref: CB3902KF/W0026

Date: 25 February 2020

Dear Sir or Madam

Environmental Permitting (England and Wales) Regulations 2016

Deployment ref: CB3902KF/W0026

Permit holder: Keltbray Environmental Materials Management Limited

Location of the deployment: Phase 3, Clarendon Road Gasworks, Mary Neuner Road, Hornsey, N8 0JU,

Following assessment of your deployment notification reference number CB3902KF/W0026 I can confirm that we have agreed your deployment form and you may now start to operate.

This deployment lasts for **one year** from the date the activity starts on site. If you wish to continue beyond this **one year** period you must re-notify.

You must comply with your permit and carry out the activities in accordance with the requirements of the agreed deployment form and

- further information included in revised documents received by us on 06/02/2020 at 09:52.
- further information included in revised MPP2 form received by us on 06/02/2020 at 10:42.
- further information included in revised Conceptual Site Model received by us on 19/02/2020 at 17:07.
- further information included in bund cross section received by us on 20/02/2020 at 08:26.

You must seek written permission from us if any of the details provided in the deployment form change.

This approval letter is associated with the mobile plant permitting regime only. As the operator, it is your responsibility to agree other authorisations, for example, planning permission, remedial strategy, abstraction or discharge consents with the relevant regulatory authority.

Please note that operating under your Mobile Plant Permit / Mobile Treatment Licence does not imply that the remediation processes used will be suitable for meeting any remediation objectives specified. These issues must be considered separately by the developer/consultant and our local area Groundwater and Contaminated Land team. These

must be defined in the site remedial strategy which sets out the remediation options to reduce or control the risks from pollution linkages associated with the site as a whole. You may need to carry out further remediation if an unacceptable risk to the environment remains at the site.

Please notify me at least seven days prior to starting the remediation activities, at psc@environment-agency.gov.uk. I will send your notification to the local area office closest to the deployment site.

If you have any queries about this matter please contact us by telephone on 03708 506 506 or email us at enquiries@environment-agency.gov.uk quoting your deployment application reference CB3902KF/W0026.

Yours faithfully

Grant Wilson
Team Leader,
National Permitting Service
