

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2023/0295
Application type	Conservation Area Notification
Site Address:	53-55 Queens Avenue Hornsey London N10 3PE
Proposal	Tree number - T1 Tree type - Sycamore Location - as per map and photos Approx Height - 16m Work required- Fell as close to ground level as possible and treat with one application of glyphosate only (EcoPlugs), to prevent/minimise root and stump regrowth. Reason- To remove risk of harm (garden should not be used until tree has been felled), Significant decay and crack at base of trunk with notable dieback throughout crown. High risk of failure at base. Stem failure over neighbouring garden to be cleared and made safe. Tree number - G1 Tree type - Conifer & failed Sycamore limb Approx Height - unknown Location - As per photo and map Service - Clear /fell to make fallen stem & tree/s safe Work required- Clear and make safe failed limbs and tree/s and all associated debris.

RECOMMENDATION:	No Objection	
Application date	30/01/2023	
Tree Inspector	DM	Date: 22 nd February 2023

Site

The trees T1 (Sycamore) & G1 (fallen Sycamore branch and conifer) are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Tree number - T1 Tree type - Sycamore

Location - as per map and photos

Approx Height - 16m

Work required- Fell as close to ground level as possible and treat with one application of glyphosate only (EcoPlugs), to prevent/minimise root and stump regrowth.

Reason- To remove risk of harm (garden should not be used until tree has been felled), Significant decay and crack at base of trunk with notable dieback throughout crown. High risk of failure at base. Stem failure over neighbouring garden to be cleared and made safe.

Tree number - G1

Tree type - Conifer & failed Sycamore limb

Approx Height - unknown

Location - As per photo and map

Service - Clear /fell to make fallen stem & tree/s safe

Work required- Clear and make safe failed limbs and tree/s and all associated debris.

Issues

I hold no objections to the proposed works.

It is clear from the photograph that the trees is in a state of decline, poor vigour & vitality, stunted growth, major die back, peeling bark plates and decay.

There is a condition to replant dead, dying and dangerous trees in a Conservation Area.

Recommendation

No Objection

Condition: Re plant *Betula* spp. 10-12cm girth
