

Unconfined Compressive Strength of soil - load frame method

Job Ref	A190707
Borehole/Pit No.	Val-006
Mix Design	5% CEMI
Depth	0.00
Sample Type	BLK
KeyLAB ID	CEGL202009097
Date of test	08/09/2020

Site Name	Hornsey Gas Works		
Soil Description	Dark grey/brown silty sandy fill with aggregate & brick gravel sized particles		
Specimen Test Age	7 day	Specimen Depth	m
Specimen Description			
Test Method	BS EN 13286:Part 41:2003		

Test Number
