

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2023/0244
Application type	Conservation Area Notification
Site Address:	Basement Flat 14 Hampstead Lane Hornsey London N6 4SB
Proposal	T -1: Re pollard back to old growth points to reduce loading on Pollard points.

RECOMMENDATION:	No Objection	
Application date	25/01/2023	
Tree Inspector	DM	Date: 23 rd February 2023

Site

The Lime *Tilia* tree T1, as marked on the sketch plan, is situated in the front garden of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T -1: Re pollard back to old growth points to reduce loading on Pollard points.

Issues

There has been some confusion to whether the tree is to be pollarded back to the original maiden cuts above the break or to the most recent previous points.

The agent has since confirmed that the pruning will be back to the recent previous points.

I hold no objections. Whilst there will temporary loss of canopy, Limes tend to respond well to such works and restore their crowns over a short period of time.

Recommendation

No Objection
