This is a change of use from a garage to a habitable room. The existing garage will be converted to a usable room. The garage doors will be removed, a brick wall to match the property will be built in the same place with a new window and pedestrian door. The roof will be removed and rebuilt with existing skylights removed and replaced with a single skylight. Floor, walls and roof all insulated to standards required by building control. No change to the volume of the structure. No change to lintel and brickwork to the front of the structure. No change to the driveway, front garden, access from the pavement and road. Drawings attached to show the size of new window and pedestrian door.

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing use of the land is lawful, according to Haringey Council approvals in 2005-9. The space was originally built as a garage at the same time as the existing house at 21 Beech Drive (c.1938). It was modified under a certificate of lawfulness for a proposed use or development by Haringey Council, planning application reference no: HGY/2005/1954, on 16th December 2005. Certificate of Completion received from Haringey Council Building Control (BC/FP/0007/8043/A) dated 15 January 2009.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Existing use. Certificate of lawfulness for a proposed use or development Haringey Council. HGY/2005/1954. Erection of front extension to garage and erection of side dormer window and rear dormer window with balustrade (certificate of lawfulness).

Select the use class that relates to the existing or last use.

Please note that following changes to Use Classes on 1 September 2020: The list includes the now revoked Use Classes A1-5, B1, and D1-2 that should not be used in most cases. Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. See help for more details on Use Classes.

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The external volume of the habitable space will not be increased from the existing garage space. The use from a garage/storage room to a habitable room for residents only will have no impact on neighbours. No change to driveway access, pavement and road, so no change to parking control areas in the road. No change to drainage, water-flow, foundations. The new room will be better insulated so energy use should be less. The lintel and brick roof screen will stay in place so there is no change there from the road, and maintains the traditional look of the property. The new brickwork will be in keeping with the rest of the house. The new window is of modest size and the new pedestrian door of the same height as current garage door.
