Site

The various trees T001- T004, as marked on the plan, are situated in the rear area of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Bounds Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Issues

I hold no objections to the proposed works.

The Rowans are low grade trees not worthy of a tree preservation order. The Birch is also showing drought stress and dying.

There is a condition to re plant dead, dying, and dangerous trees within a Conservation Area.

Recommendation

No Objection

Condition: Re plant *Prunus* spp 10-12cm girth
