Site

The Cypress tree, as marked on the sketch plan, is situated in the rear garden of the property. It is publicly visible from Goodwyn's Vale.

A site visit was deemed necessary to determine the appropriateness of the proposed works (24/02/2023 at approximately 12:30pm).

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Large conifer. To be taken down and removed by professional tree surgeon.

Issues

I object to the proposal to fell the mature Cypress tree.

The tree has good vigour, vitality within the first third of its lifespan, is public visible, adds to the sylvan of the area, and adds all year round interest.

The tree scores high when using a methodology to rate the worthiness of a Tree Preservation Order (TPO).
