1.2 The following issues were raised by neighbours, local groups and Councillors:

2. REASONS FOR GRANTING PERMISSION

2.1 The subject site is a pair of residential dwellinghouses set within the area covered by the South Tottenham SPD. The site is not located within any conservation area and does not fall within the curtilage of a listed building.

2.2 The planning history of the site has been taken into account when coming to this decision.

2.3 The proposal seeks the formation of a joint first floor rear extension to Nos. 31-33 Wargrave avenue. The proposed extension would be less than half the width of the host dwellinghouses, and would be 2.45m deep. This would be in line with the informal guidelines agreed with the Council's officers.

2.4 Materially the proposal would be finished similarly to that of the existing, and therefore the proposal can be supported.

2.5 The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected.

2.6 The height and depth of the extension would not result in a material loss of sunlight or daylight, or have an overbearing appearance to the neighbouring property. There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms.

2.7 The proposed development is in general accordance with Policies DM1, and DM12 of the Development Management, Development Plan Document 2017, and policies SP11 and SP12 of

Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

2.8 All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.
