Rear dormer:

Impact on the neighbouring properties

Given that the property is semi-detached, it considered that the proposed extensions would not have an impact on the amenities of the neighbouring properties. There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms. sensitively in relation to the context.

The proposal is for the erection of two side extension, conversion on hip to gable, erection of rear dormer and erection of single storey rear extension. The different element of the proposal would be discussed below:

The proposal includes the erection of a full width rear dormer that would span across the main roof and the new gabled extension. Officers consider that the proposed extension would be incongruous and overly dominant new feature that would be at odds with the positive design characteristics of these semi-detached houses. Officers would advise that the proposed dormer would need be reduced scale to mirror the dormer at no. 34 Connaught Gardens, only over the original roof slope.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
☒ No

Interest in the Land

Please state the applicant's interest in the land
