Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

☒ Yes

☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Adding a dormer to an original victorian attic room and creating an en-suite. The original stairs will be replaced with building compliant treads and risers. 3 velux windows will be inserted into the roof facing the road - one in the en-suite and two in the bedroom. The original victorian sash window facing the side alley will be bricked up with matching London Yellow Stock bricks.

Does the proposal consist of, or include, a change of use of the land or building(s)?

☐ Yes

☒ No

Has the proposal been started?

☐ Yes

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The existing use of the land is lawful as the attic room extension (the addition of a dormer) falls under permitted development. The existing loft space is part of the original victorian design and the inclusion of a dormer does not significantly alter the shape of the roof, does not exceed 50 cubic meters for a semi-detached house (in fact it is far less than 40 cubic meters). The dormer faces the rear of the property and does NOT extend beyond the plane of the existing roof slope on the principal elevation that fronts the road. The cladding materials will match the original slate roof that we will be reinstating. No part of the dormer will be higher than the highest part of the existing roof. The dormer will be set back at least 20cm from the original eaves.
