Site

The Plum Cherry tree T1, as shown on the plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Plum (T1) - Reduce height down to 2m above the fence. The tree blocks a lot of light and mostly overhangs the neighbours garden.

Issues

I hold no objection to the proposed pruning works.

Plum cherries generally respond well to such pruning.

Recommendation

No Objection
