Site

The Ash tree T1, as marked on the plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the South Tottenham Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

The enclosed Plan1 shows the location of the tree at the rear of the garden at 13 Talbot Road, N15 4DF.

The tree is NOT protected by a TPO.

We propose to completely remove the tree, i.e. fell the tree, instructing a tree specialist to undertake this work.

The tree is growing through a metal fence (see photos Tree1 - Tree4) so is unsafe. We understand that it will become more unsafe as it grows due to the fence.

Issues

I hold no objections to the removal of the low grade self-set Ash tree.
