Site

The various trees T1-T5 are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

X2 Sycamore (T1 & T2): Reduce to previous, most recent pruning points (approx. 2-3m)

Holly (T3): Reduce all round by 1-2m

Ash (T4): Reduce to previous, most recent pruning points (approx. 2-3m)

Lime (T5): Reduce to previous, most recent pruning points (approx. 1-2m)

Issues

I hold no objections to the proposed tree works. The reductions to the Sycamores, Ash, Lime are repeat works and all work's specification are within good arboricultural practice and husbandry.

Recommendation

No Objection
